Hello ,

I was working as an employee at The Home Depot . I worked there for 5 years . When the 2024 election came around , I was fired from The Home Depot August 2024 . I worked in the paint department and watched over materials that could be used as explosives .

Also , I worked for Credit Collection Services in New Hampshire . I was fired from Credit Collection Services in May 2025 , and they fired me on discriminatory means or terms . They outlined false standards for monitoring calls . I'm a practicing Jew , and when they outlined these standards they made offensive remarks towards the Jewish Schema and Mezuzah ( CCS committed wire fraud ) . I reported a bomb threat online , I contacted the EEOC and the FBI , but I haven't received ANY contact back in regards to the terror attack that happened on June 1 , 2025 which I outlined was preeminent after I was attacked for being Jewish .

( 15 Jews were lit on fire )

I'm attaching the reports for both companies that outlined my termination . After I was fired from The Home Depot , countless immigrant terror riots happened . At the riots they fire bombed U.S. citizens .

I've never been so appalled . How is it that I haven't received attention , or my pay for the terror plot that's formed in my proprietary information that I use to apply for jobs and achieve under the U.S. constitution with my citizenship .

Please send out an alert about these terror attacks , I want the community to be safe , and I need to receive my pay so I can resume my life ...

Both the The Home Depot and Credit Collection Services Defrauded the United States , Committed fraud , and Committed / worked to commit those terror attacks .

In addition to all of this . I got my Degree in Civil Technology from UNH , and I designed flood safe buildings . My resume doesnt work anymore because of the terror and fraud that was committed , and on July 4 , 2025 , 27 innocent young Christian women were murdered ( and brutally raped ) when the company Rainmaker seeded the Tropical Storm Barry with enormous amounts of water ( H2O ) and caused a flood so powerful its NEVER BEEN RECORDED .

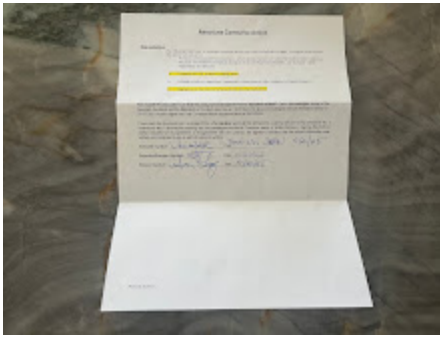

It's drastic I need these details to be processed so the community is upheld under the U.S. constitution and people don't die . All of this is happening because of the crime that happened , and because my record hasn't been fixed , and I haven't received my pay . When will the terror plot and fraud and false information be removed from my account ( my proprietary information / resume ) ?

Please reach out so I know what's going on . I'm just a normal U.S. citizen , and I'd like to account for my belongings ( my pay ) so I can have a family and kids and live a normal life . I should be house shopping right now , but the government has failed to perform its required tasks or duties . The amount owed to me is \$1,584,000,000 ( for the lowest absolute amount to be paid in order to indemnify the United States and the criminal fraud and terror thats been imparted in my work portfolio . ) . Just know I'm keeping a thorough record of all this information ( including this email ) , and I will be contacting the APWG to report any phishing that's going on that's preventing the U.S. ( its citizens ) from functioning properly and keeping proper accounting / records .

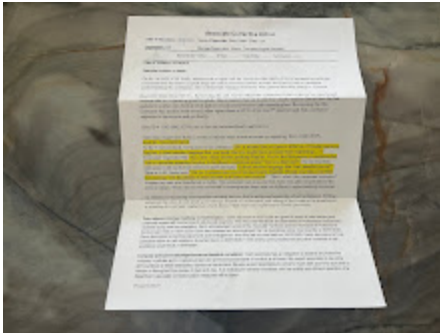

Regards ,
