Hello Australia Nation Security ,

A company from your nation ,

Venture Consulting Group Pty Ltd

Owner Address: 8-10 Railway Ave, Suite 2

Castlemaine VIC AUSTRALIA 3450

They filed paperwork in the United States that defrauds the United States , and in an anti-Semitic way .

They defrauded the United States when they swore a perjurious lie to the USPTO creating a concentration camp for exterminating Jews in the legal filings of the USPTO under the name ZeusDB (US Serial Number : 99400139) .

My trademark is zeusdb (US Serial Number : 98899187) . I'm going to be perusing charges at every single level . Every single word will be examined to make sure the Company and the Owner of the Company that created the concentration camp will be held accountable for the murders at Bondi Beach (December 14 , 2025) , Camp Mystic Texas (July 4 , 2025) , and Boulder Colardo (June 1 , 2025)

I've informed countless organizations in my nation and they've failed to form a response , though there is much turmoil legal filing will proceed and take effect and add up .

Again , every single word will be examined , no court will be using any tactic to form a response from the proper measure being taken to absolutely uphold the law . I've never committed a crime (I've never committed a sin) , and again the law will be absolutely upheld , and not one word or term or group of terms shall fall through or be unexecuted .
