Description of Incident

Provide a description of the incident and how you (or those you are filling this out on behalf of) were victimized. Provide information not captured elsewhere in this complaint form:

I can't even believe you guys haven't contacted me . There was about \$1.5 billion dollars in damages done in relation to authentication features that defraud the United States that were created by The Home Depot and Credit Collection Services (a company out of Mass .) . When you get in contact with me , I need that money (existent in government securities and bonds) paid immediately into my account , I'm telling you this because its very serious that I notified you an unfathomable amount of times and got no response while terror reigned in the United States ... I understand you're also going through internal lawsuits . Very sad what's going on in your organization . I'm involved in an on going investigation led by the EEOC , and I'm right about to press charges on Credit Collection Services , because they fired me and made me a scab and drained me of my life , just like Karen Diamond was lit on fire and killed for being a Jew . The litigation that's about to take place , I don't want to say its frustrating in the nature of litigation being frustrating , but its frustrating in the nature of the criminals involved that have obstructed justice and relinquished due diligence . The concept anything is done within the government , especially the FBI without perfect order , is a crime against humanity . Again , I understand you're going through heavy litigation . I recommend solving the issues I'm

presenting as soon as possible so at least some order will be present within the relations of the government . 116 injured and 40 dead at Le Constellation (Crans-Montana , Switzerland) , and if I had been given the justice of a speedy trial against the opponents of the United States ... I could've put more effort and harder work towards solving the issue at Le Constellation and make the world safer . Also ... in the USPTO is a claim at the trademark zeusdb from a company in Australia . I filed the trademark and an opposing trademark was criminally filed after that mutilated and obstructed the material of the on going EEOC filings / investigation . The lawyer who filed it works with known media networks who are recognized for mutilating children and civilians genitals and having extreme grotesque , sacrilegious , and heinous values , his name is JOSH[UA] GERBEN . After Joshua Gerben criminally filed the trademark he did , a realm of terror was legally filed in Australia that directly let to the killing of 15 Jews at Bondi Beach on December 14 , 2026 , in an antisemitic Islamic State (IS) attack . I will be pressing charges against Joshua Gerben and the company that illegally filed the trademark Venture Consulting Group Pty Ltd . (PROPRIETARY LIMITED COMPANY ; Australia) . I've never committed a crime or done anything wrong so I will be pressing those charges for the crimes that were committed , especially ... due to the heavy casualties and loss of life ... Taking this matter in an unserious matter may be considered extremely or especially heinous , and just understand , there is no instance that I've ever committed a crime (or a sin , I'm religious) , and no one can obstruct justice , the truth or oppose the law .

Other Information

If an email was used in this incident, please provide a copy of the entire email including full email headers.

I notified you and the EEOC twice . I have a bunch of friends , and girlfriends ... I live a normal life . I really want to make sure my name isn't posted everywhere , especially by groups who mutilate

children and civilians . If I had the pay the government owes me I may have a child or a couple children with maybe a couple of nannys , and I would be farther along on the work that I'm specifically skilled and masterful to do . Its very sad everything isn't in perfect unison within the government , and it isn't handling the ordinances that it processessionally carries out ...
